

CLE Titles for Retention in County and District Law Libraries

These CLE titles have been recommended by staff in Ontario County and District Law Libraries as possible candidates for retention, notwithstanding the general policies on weeding.

Before discarding them, it is recommended that you examine them carefully in the context of your own collection to see if they are still of value. It is also recommended that you proceed with special caution if yours is one of only a few libraries still holding the title.

This list is a work in progress. Please contact LibraryCo if you have additions to propose or if newer publications or changes in the law make these titles less relevant.

KF 250 .P74 2000	Precedent bound: tips and traps of specialty drafting for generalists	CBAO
