Board General Manager's Travels

My travels during the past few weeks took me to Middlesex, Durham and Simcoe where I made presentations about LibraryCo's business plans. I thank the boards and library staff at these associations for taking the time to meet with me and for their kind hospitality.

Roving Law Librarian - A Report from Marilyn Elkin

In late November I travelled to Thunder Bay to visit the Thunder Bay Law Association library. I discussed the background of the county library system and LibraryCo with Helen Heerema and provided answers to questions on statistics, Toolkit contracts renewal dates and customizing catalogue search results. The TBLA will be moving into a new consolidated courthouse later in 2013 and the new space will provide many features that are not currently available. We finished the day with shelf reading.

With tight budgets it is very important to get the most out of your collection and your materials purchases. Completing a shelf read or inventory will highlight any weakness in subject areas in your collection, uncover items that have gone missing, and point out the need for new editions. It will ensure that your catalogue truly reflects your actual holdings and improve access to them. Please contact me if you wish to complete a shelf read or any other project at melkin@lsuc.on.ca.
